Someone wants that which you do not. A small ad in the State Journal want columns will satisfy both.

TRAIL OF RUIN

Floods Follow Gale in Alabama Towns.

List of Lost Ships Is Rapidly Increasing.

New Orleans, La., July 8.—At least seven persons have lost their lives and property has been damaged to the extent of more than four million dollars, according to reports early today from the storm swept regions of Alabama and Mississippi. Crops and timber suffered heavily.

Rains that assumed the proportions of cloudbursts followed the tropical hurricane in Alabama, causing serious flood conditions at Prattville and Birmingham, where creeks overflowed their banks and invaded stores and factories.

The death lists consists of one white man and six negroes. The former, a locomotive engineer, was killed with his negro fireman, when his train ran into a washout at Bond, Miss. Three negroes were drowned in the Birmingham district and two in the Warrior river near Tuscaloosa, when a small boat sank.

The Alabama, Coosa, Tallapoosa and Warrior rivers are reported rising rapidly and flood warnings have been issued.

The American schooner Mary G. Danheiser, the Norwegian schooner Anesia and an unidentified two masted vessel were lost off Ship Island in the Gulf of Mexico, according to reports at Gulfport. The crew of the Anesia was saved but no trace of the others has been found. Thirty-six men comprised the crew of the three vessels.

The missing schooners put to sea on the days of the storm and have not been heard from since then. A flotilla of gasoline launches this morning searched for the vessels. Some persons held hopes of a systematic search of Mississippi sound and other parts of the Gulf of Mexico. Some persons held hopes of a systematic search of Mississippi sound and other parts of the Gulf of Mexico. Some persons held hopes of a systematic search of Mississippi sound and other parts of the Gulf of Mexico.

SANTA FE

Notes and personals from Santa Fe, by Frances Jones, 211 Gattus street, telephone between 8 and 10 a. m., 3330; other hours, 4701 K-2.

The ladies of the B. of L. S. and E. will hold their regular meeting next Wednesday afternoon, at the home of Mrs. P. G. Baird, 712 Lincoln street. George Sorenson, Jr., expects to leave the first of the week on a vacation trip to Hohenberg, Neb. Mr. Sorenson is connected with the telephone department. Ed Moore, spring maker in the blacksmith shop, who has been absent from work on account of illness, has returned. Machinist and Mrs. J. A. McMillan, Jr., and Leonard of Kanawha, Kan., are visiting relatives and friends in Topeka. Mrs. McMillan before her marriage was Miss Elizabeth Myers of the Illinois and death of his father. Blacksmith William St. Marlies has returned after being off from work several days on account of the illness and death of his father. Frank James has resigned his position in the machine shops, and gone to Bloomington, Ill.

C. H. Hall of the bonus department of the planning mill, and Mrs. Hall are spending their vacation in Denver, visiting friends. Mrs. Carl Magnusson left Saturday for Emporia to spend a month with her husband. Engineer Carl Magnusson, Master Mechanic E. E. Machovec of Argentina was in Topeka on business. Engineer Amos Beeler is running on train No. 5 and No. 6 between Newton and Kansas City, instead of Engineer T. J. Hoover, as stated in this column Friday.

Blacksmith Henry Underwood is at the county hospital, where he is receiving treatment. Mr. Underwood's condition is improved. The regular business meeting of the Ladies' Auxiliary to the S. U. of N. A. was held Friday afternoon at 8 o'clock. Mrs. John Nelson in Madison street, with the following members present: Mrs. George Fleming, Mrs. Fred Morgan, Mrs. Frank Deppie, Mrs. Thomas Moore, Mrs. George Saunders, Mrs. William Smith, Mrs. Bert Flinn, Mrs. Ray Summers, A. Burrows, traveling passenger agent for the Nickel Plate railroad, was in the city Friday.

Postpone Miners' Conference.—Kansas City, Mo., July 8.—The conference between coal mine operators and officials of the United Mine Workers of America to arrange a two-year wage contract for the states of Missouri, Kansas, Oklahoma and Arkansas will not be resumed until next Tuesday. That announcement was made today by conferees. The meetings so far, which have been executive, have developed only preliminary details. It was given out.

2,000-POUND MOTOR TRUCK CLIMBS MOUNTAIN

Motor Truck on Pike's Peak Highway at an altitude of 12,000 feet. Pike's Peak is in the background above the driver's head.

On June 14, Pike's Peak, famous mountain of the Rampart Range, which was discovered by Zebulon Montgomery Pike in 1806, and successfully climbed for the first time in 1819 by the exploring party of Major S. H. Long, all but yielded its cog railway and leg muscle allegiance to a motor truck. The truck, a model P 2,000-pound International, carrying four men, ran up the world's highest highway as far as it was completed without a mishap and without an adjustment.

The party, which consisted of H. J. McKenna, general agent for the International Harvester Company of America, Denver, Colo.; Harry Huff, International motor truck dealer at Colorado Springs; Harry B. Stamm, motor truck salesman; a photographer, and Harley McGregor, owner of the truck started from Colorado Springs, where the truck engages in daily transportation service.

The party first passed through the Garden of the Gods, rambling into Manitou, thence through Cascade canyon, and then over the historic Ute pass. At Cascade the party left the Ocean to Ocean highway and began the real ascent toward the summit of Pike's Peak.

As the motor truck stepped on up the side of the mountain the magnificent views of the great Rocky Mountain region began unfolding. Cameron Cone, Mount Sacchetti, Mount Baldy, Mount Rosa, and Mount Cheyenne came into view. After reaching an altitude of 11,000 feet, the truck began to pass through perpetual snow banks.

At an elevation of 12,000 feet, where the truck was finally stopped by falling boulders from the blasting which was in progress on the unfinished part of the road above, the timber line had been left behind and the truck stood within 2,108 feet elevation of the summit.

Mountains can no longer be considered impossible for travel or transportation by motor trucks when this truck stopped from its regular daily work long enough to climb to an elevation of 12,000 feet without even a carburetor adjustment.

NEW FOR TOPEKA

Mixed Doubles Tennis Tournament Being Planned.

Invitation Lowman Hill Play Begins This Afternoon.

The Central Y. M. C. A. will attempt a tennis event that will be new to Topeka. Beginning Wednesday, July 19, the Y. M. C. A. will stage the first mixed doubles tennis tournament ever held in the city.

"There are almost as many girl tennis players in the city as boys," R. A. Shoemaker, former city champion, asserts, "and it is time that tournament tennis was started for them. The mixed doubles teams composed of a man and a woman player, furnishes a new and interesting brand of tennis. It is especially interesting from a spectator's standpoint."

Cup for Winners.—For the event a handsome cup will be given to the winners and the semi-finalists will probably be presented with medals. No announcement of the "pairings" has been made as yet. Among the better known of the women net experts of the city are Bertha Kitchell, Marjorie Rodgers, Edna Hopkins and Ardis Page. The Y. M. C. A. is making arrangements for a large gallery of spectators.

The third event of the Topeka tennis season was to be started this afternoon on the courts of the Lowman Hill club and the Y. M. C. A. known as the Lowman Hill invitation tourney.

The Lowman Hill club has invited ten Topeka players for a private tourney on its courts. The Y. M. C. A. has offered its courts to assist the tourney. While the entire schedule of matches has not been announced the following matches have been arranged: Nettles vs. A. Weiskirch, 2:00; W. Turner vs. P. Myers, 2:00; G. W. Miller vs. Don Heath, Svenson vs. Fleming, Nelson vs. Walter Scott, Birch vs. Wharton, Shoemaker vs. McGregor. All matches will begin at 2 o'clock and it is expected that the second round in the tourney will be completed this afternoon.

Every square mile of sea is estimated to contain about 15,000,000 fish.

EASE UP EMBARGO

War Department to Permit Goods to Cross Border.

However, Will Not Permit Shipments of Munitions.

Washington, July 8.—The war department considered today relaxing its embargo along the Mexican border. It will not permit, however, shipments of arms and ammunition to the Mexicans at this time.

On the other hand, supplies of a general character, which have fallen under the embargo, probably will be permitted to pass freely for a week or two. The occasion prompting the proposed relaxation is the difficulty encountered by General Pershing in getting his own supplies through by private means.

Movement of the troops northward in Mexico and persistent reports that Villa is alive are keeping the department on the alert for possible trouble. The state department believes stories that Villa is still alive, while the war department doubts them. On the state department's view, the stay of General Pershing's forces in Mexico would be justified on the war department's view, no military justification can be found, officials say.

WANTS AND MISCELLANEOUS ADS
